Subject: Main Office COVID-19 Update
To: <abuelo39@gmail.com>

Dear CAI Families,

We hope you and your families are all staying healthy and well. This note is to inform you an individual who was in the CAI Main Office last Thursday has tested positive for Coronavirus Disease 2019 (COVID-19). Out of an abundance of caution, the CAI Main Office will be physically closed this week and the staff will work remotely. We will re-open the office on Tuesday, Feb. 16.

This individual was not in contact with any staff or children at the ECC or in proximity to the ECC area of the building. The ECC will remain open, as per guidance from the local department of health. Our in-person Shabbat services will still take place as scheduled.

We realize how unsettling it is to hear about any COVID-19 situations within our community. We continue to follow the guidelines provided by the NJ Department of Health and our medical advisors. As per HIPPA Privacy laws, we are not permitted to discuss any family's personal details with any other families within our community, however, we can report that the person who tested positive remains asymptomatic and feels well. We wish the affected individual a refuah shlemah, a

speedy recovery.

The best way to reach the Main Office staff during this time is via email. We will also be checking our voicemail messages regularly. We appreciate your patience and understanding.
