

## Brentwood Hills Primitive Baptist Church

March 19 · 🌐

Brentwood Hills Primitive Baptist Church will not congregate until Sunday, April 5, 2020, the 1st Sunday in April. In order to kill out this virus that is plaguing the world and our nation, the CDC and the president have asked us to follow "guidelines" that, for fifteen days, no gatherings of ten people or more congregate. I realize this is an extreme response, but this is an extreme situation that is obviously taking extreme measures. This puts us to the first weekend in April, beyond the fifteen days mandated. I believe we owe this to our elderly, our loved ones, and our nation. If this is what we must do, to help put an end to this virus, then I believe we should follow these guidelines (before they become mandatory). The city of Fort Worth is putting in place their own bans which continue to be fluid as the situation changes.
