### **Urgent Community Warning**

**To all those from out of state considering spending Pesach here in Florida:**

It's **Halachically prohibited** and **medically irresponsible** to come for Pesach.

The Florida health care system is currently overburdened and an influx of new patients can lead to deaths. In addition to being a chillul Hashem, we have a Halachic requirement to keep our communities safe.

**If you choose to come anyways, jeopardizing the lives of many in Florida, you must quarantine for 14 days. This means no leaving the house, no excursions, no beach, no pool, no restaurants, etc.**

Please be informed: Our local Shuls, organizations, Chabad Houses, or Kosher establishments will not be able to accommodate you for **COLLIVE** davening, mikvah, meals, tickets to parks or similar.

BS"D

Wishing everyone a kosher, happy and healthy Pesach!
