

# There are no unknowns with God

April 3, 2020 | [30 comments](#)

Oftentimes in news coverage of the pandemic, experts and leaders will mention the “unknowns.”

For instance, it may be mentioned that it is unknown when the pandemic will abate, how many people will be affected, how effective the lockdowns will be, how devastating the stay at home policies will be on the economy, and so on. There is considerable fear and consternation about the unknowns that policy makers and individuals are dealing with today.

However, there is a spiritual counter to all these unknowns. There are many knowns that we can count on.

Firstly, God is here!

God is a known that can counter all the fears, worries and concerns surrounding the pandemic.

God gives us safety from the coronavirus. In a consciousness of God’s omnipotence, the virus is harmless.

God gives us help if sick. In a consciousness of God’s omnipresence, sickness evaporates, and health is restored.

God meets all human needs. Where relied upon monetary sources dry up, divine Mind can provide other forms of supply that make up.

God is a help today, tomorrow, and the next day. We always have the help we need to deal with any problem the world throws at us.

With God, you are always taken care of, provided for, and protected.

With God, there are no unknowns. Only knows! And they are all good.

**“It is the all-hearing and all-knowing Mind, to whom each need of man is always known and by whom it will be supplied” ([Science and Health, p. 7](#)).**
