y'all are giving him a standing ovation at home and also in glory as well thank you brother Terry and we do hope it is well with your soul I know our normal has been mixed up for the last several weeks and it's okay for a normal be mixed up as long as our soul is not mixed up so we're hoping that it is well with your soul this morning if you have your Bibles please open to second Thessalonians chapter 2 2nd Thessalonians chapter 2 this week I thought instead of continuing our revelation study that we would study a revelation related topic it's a question that I've been asked several times during the past month and the question is simply this is this coronavirus a sign of the end of the world again I'm ahead and warn you this sermon may be a little longer than normal because this is one of those that continues to get bigger the more I study it but nevertheless under the current situation here if it gets too long I guess you can always turn it off at home but we hope you won't we hope you'll stick with us to the end I think the best place to answer this question about this coronavirus being a sign of the end of the world would be to go to 2nd Thessalonians chapter 2 and beginning in verse 1 it says now brethren concerning the coming of our Lord Jesus Christ and our gathering together talking about the rapture of Christians gathering together to him we ask you not to be soon shaken and mine are troubled either by spirit or by word or by letter as if from us as though the day of Christ had come let no one deceive you by any means for that day will not come unless the falling away comes first and the man of sin is revealed the son of perdition who opposes and exalts himself above all that is called God or that is worshipped so that he sits as God in the temple of God showing himself that He is God do you not remember when I was still with you I guess back in 1st thessalonians i told you these things and now you know what is restraining that he may be revealed in his own time for the mystery of lawlessness I think King James says the mystery of iniquity is already at work if you underline things in their Bible underline that phrase there because that's what we're gonna work this morning the mystery of lawlessness is already at work only he who now restrains will do so until he is taken out of the way and then the lawless one will be revealed whom the Lord will consume with the breath of his mouth and destroy with the brightness of his coming the coming of this lawless one is according to the works of Satan with all power signs and lying wonders and with all unrighteousness and deception among those who perish because they did not receive the love of the truth that they might be saved and for this reason God will send them strong delusion that they should believe the lie that they all may be condemned who did not believe the truth but had pleasure in unrighteousness again what the Apostle Paul here is referring to is a question about the end times apparently some teachers were coming to the Church of Thessalonica spreading rumors that Paul had written a letter to somebody saying that the day of the Lord had already come and they missed it well needless to say they were in a panic so Paul writes to them in verse 3 and assures these believers that the day of the Lord the second coming of Christ Judgment Day had not yet happened Paul says that Christ will not return until a couple of things happen first of all in verse 3 it says there is this apostasy the falling away as you see there the gospel will be preached throughout the nations as Jesus has said to people around the world and many will receive this gospel but then following their reception of the gospel there will be falling away people begin to reject the gospel of salvation through Jesus Christ and once the people reject the truth the world will be wide open for the big lie the great deception of the one called the Antichrist and we see him there in verse three that's the second thing that would happen in the last days this man of sin the son of perdition verse 8 calls him the lawless one will appear this is the same one that the Apostle John calls the Antichrist and according to verses 9 and 10 this Antichrist will be empowered by Satan he will be the master of deceit he will perform

lying signs and wonders verse 4 tells us as Santa Christ will oppose God of course the Greek word for opposes anti so he will be anti-god Antichrist he will exalt himself above God he will deceive people by sitting as God in the temple of God showing himself that He is God Paul receives this insight into Antichrist by meditating on the words of Jesus who warned us before he went to the cross in Matthew chapter 24 that in the last days before his second coming that false teachers will arise people begin to denying that Jesus is the Messiah instead they would tell the world that they are the Christ that they are The Anointed One they are the ones sent from heaven they're the ones with all the answers to man's problem Matthew 24:24 Jesus said false Christ's false prophets will arise and show great signs and wonders and they will deceive if it were possible even the elect so even devout believers if we're not careful to stick close to the Word of God can be easily deceived Matthew chapter 24 verse 15 Jesus refers us to an earlier prophet the prophet Daniel and he tells us when it comes to the prophet Daniel we need to read and understand Daniel gave us a description under the Spirit of God of this final world superpower and this final world ruler who will appear at the end of the age you don't have to turn there you can research it a little later but I'll zip through Daniel very quickly here Daniel chapter 2 the Lord gives him the big picture over history he said in the history of the world a history of humanity there will be five great superpowers in history that will rule over the known world at the time the first is pictured as the golden Empire this would be the Babylonian Empire the second is the silver Empire that's the Persians the third is the bronze Empire that's the Greeks and the fourth is the iron Empire that's the Romans if you notice as I went through there's those kingdoms get cheaper as you go along you go from gold all the way down to iron by the time you get to the Roman Empire of course after the Roman Empire collapses there will be many nations that will try to rule the world and none will be successful and we've seen that during the past 2,000 years of history various empires have tried to get going but could never quite conquer the world but there will be a fifth and final world empire made up of remnants of the Roman Empire what we call the West our Western civilization something will come crawling out of the Western civilization that will try to put together this final world Empire it'll be a one world government which will appear at the end of the world it will be weaker than the other empires because they're gonna try to build their new world order by mixing and mingling the various ethnic groups around the world it's what Daniel tells us but try as they might he said they're not they're not gonna be able to unite the various nations of the world he says it's gonna be like trying to mix iron and ceramic they will not unite they will not stick together for long and of course this final world order will appear to be strong but it will be fragile easily broken it will be terribly broken with the coming of Lord and Savior Jesus Christ in judgment that's Daniel to move on to Daniel 7 and Daniel describes this final world ruler the Antichrist and he calls him the little horn and of course horn and the Old Testament represents power in the animal kingdom the bull or the buck who has the biggest horn usually dominates but he said this Antichrist is gonna be a little horn he's not going to be as powerful as Nebuchadnezzar of Babylon Cyrus the Persian Alexander the Great or Julius Caesar the Roman no this Antichrist will be a little horn who's gonna boast Daniel says pompous words he's going to be a big talker he's gonna claim to be bigger than God he wants to get rid of God and he's gonna be changing God's holidays God's culture customs and laws we move on to Daniel 8 we get another look at this Antichrist he said he will have fierce features he will look big and bad he will be powerful but Daniel says but not by his own power in other words he's not going to be the great warrior king that we saw in a Nebuchadnezzar or or a Cyrus or an Alexander or

Julius Caesar he will use schemes he says he will be a manipulator he will deceive people Daniel says through his cunning he will cause deceit to prosper under his rule this Antichrist will be a diplomat he'll be a politician who will manipulate himself into power in Daniel chapter 11 says this Antichrist will not conquer the world like the great warrior kings of the past did Daniel 11:38 says he will conquer the world with deception and through the philosophy of a God his ancestors did not know the god of money he will conquer the world with gold and silver and precious things now back to 2nd Thessalonians chapter 2 this final world ruler this Antichrist will not conquer the world by the sword with armies fighting from continent to continent like the kings of the old days he will take over the world by deception he will deceive people he will use lying signs and wonders they will use propaganda pompous words he will deceive people he will use money to manipulate and control people and then in 2nd Thessalonians 2:7 that I referred to a few moments ago this mystery of iniquity this mystery of lawlessness Paul said was already at work yes even in Paul's time in the New Testament era through the last 2,000 years up to our present time as Jesus said there's been wars and rumors of wars and the stage is being set for this final one world order which according to revelation 13 when this world government is prepared and put in place Satan himself will be being throwing and empowering this person known as the Antichrist so yes this mystery of iniquity is already at work and as Jesus said in Matthew 24:8 the anti-Christian forces will be like birth pangs on an expectant mother these movements will increase with intensity and frequency as we get closer to the end as we get closer to the big day Daniel chapter 12 he says in the last days transportation and information will increase and of course we've witnessed that during our lifetime thanks to computers we can process more information than ever in the history of the world Paul agrees with Daniel and second Timothy 3:7 he says in the last days men will always be learning but they'll never be able to come to the knowledge of the truth and we've watched this mystery of iniquity in our time for at least the last 100 years billionaire bankers and businessmen have been trying to sell the world on a one-world government after World War one they tried to establish the League of Nations and that failed then after World War two they established United Nations and have dumped billions of dollars into it trying to build their new world order and we're almost there so do I think that the coronavirus is a sign of the end of the world I don't think so, but I do think this covid 19 is a drill, it's a simulation, it's a dress rehearsal if you will, to work out the bugs and get all the nations prepared for this final world government for the last three months we've watched our globalist leaders manipulate us with the Marxist revolutionary technique known as the Hegelian dialectic it's a very complicated philosophical thing but it can actually be salted down to about three points and that is called problem reaction solution the way you change cultures is using problem reaction solution so these globalists they cause a problem be it terrorism a pandemic or global warming or whatever they want to come up with and then they wait for our reaction our reaction as people tends to be the same oh no we're all going to die somebody do something and then they have the solution a prepackaged ready for us using vos more government control of our lives so let's look at the timetable a little bit sometimes what gets blurred with our 24-hour news cycles that go through but let's look back at the timeline and see the changes that have occurred in the last couple of years that's brought about our current predicament which for us began on March 15th when President Trump declared a state of emergency for coronavirus three years ago November the 8th 2016 Donald Trump shocked the world by winning the presidency of the United States of America he won this election by promising to make America great again to put a stop to the globalist agenda to close our

borders and to quit paying all the bills for United Nations and NATO also to stop this manmade global climate change hoax and to stop the one-sided trade deals he said I want international trade but it needs to be fair trade not with America always been on the other end of the hook there so once he started all this immediately the globalist billionaire banking in business class turned on him the press attacked him Democrat politicians and never Trump Republicans begin trying to impeach him that went on for about three years and then once that failed the next move was coronavirus and in the past it was usually David Rockefeller who was pulling the strings on around the world on these globalist movements but he died in March 2017 we never did think he would but he died in March 2017 at a hundred and one years old and of course then there's George Soros he always gets the blame he's 90 years old right now he's not having much to say but he is heavily invested in pharmaceuticals and so it appears that Bill Gates is taking the lead of this billionaire's Club move toward a one-world order one of the other elder statesman of this bunch is Henry Kissinger who was now 97 years old and ever since I was a little kid Henry Kissinger has been on the radio and on the TV talking about he's in you virile daughter anyhow he wrote an op-ed piece on April the 3rd rejoicing about how this new world order would lead us to how this coronavirus would lead us to this new world order so he is so proud of Bill Gates he said there so apparently Bill Gates is the anointed one he is one of the richest globalist today he's co-founder of Microsoft who is now working to give away his nearly 100 billion dollar fortune through the Bill and Melinda Gates Foundation his pet projects are population control and vaccinations his father was a board member for the abortion provider Planned Parenthood who helped young Bill understand as he grew up the need for global birth control to save the planet vaccination strangely by Bill are considered a subset of population control bill has this theory that if less babies died in infancy then parents will want fewer children and so he works all this population and drone vaccinations through something called the good club you can look it up on the Internet the good club is made up of other globalist billionaires like George Soros Warren Buffett Oprah Winfrey the Rockefeller family the Ted Turner foundation etc two years ago on January the 17th of 2017 at the World Economic Forum in Davos Switzerland for those years not aware of what goes on in Davos devil's they have this January meeting every year where 3,000 of the world's wealthiest people gather every year to figure out how to rule the world Bill Gates back in 2017 initiated a new working group called CPI the Coalition for epidemic preparedness innovations it's a collaboration of the Gates Foundation the governments of Norway India Japan and Germany and two big pharmaceutical companies called in OBO and they also included DARPA which is the Defense Advanced Research Projects Agency also known as the mad scientist of the Department of Defense also included the army US Army's Medical Research Institute of infectious diseases that's the mad scientists of the army that work out of Fort Detrick Maryland this CEP I began working on the next epidemic in 2017 also at DuBose gates began working on a Netflix video called pandemic now as all y'all all know I don't watch movies but maybe I should have watched this one it was released in November of last year the plot of the movie was a corona virus that originated in a wet market in China leaving millions of people dead Wow what do you think is that a coincidence is Bill Gates a prophet or is it a plan last fall October the 18th 2019 there was a pandemic exercise called event 201 at Johns Hopkins University the exercise was conducted by the Bill and Melinda Gates Foundation the World Economic Forum and Michael Bloomberg School of Public Health at Johns Hopkins University and yes that's the same Michael Bloomberg it just tried to run against Bill against Donald Trump for president

United States the pandemic simulation predicted that the corona virus would have the same kill rate as the Spanish flu of 1918 which caused around 65 million deaths worldwide in an 18 month period it's also interesting to note that dr. George Fu Gao the director of the Chinese Centers for Disease Control was involved in a simulation at the same time at the very same day October the 18th and lasted through the 27th the world military Games were being held at all places in Wuhan China you had 10,000 athletes from 110 countries the United States delegation was about 300 people 2 months later January the 7th China reports the corona virus outbreak in Wuhan January the 21st through the 24th was the 2020 annual World Economic Forum gathering and Davos so the rich guys were back in Davos again in January of this year and Bill Gates and his CPI CPI that I just sent out they announced a corona virus vaccine program with partnerships including a Novartis and Moderna and the United States National Institute for Allergy and Infectious Diseases which is led by none other than dr. Tony Fauci who is now the chief medical adviser to President Trump who you see on TV and these daily briefings that we're getting he's an interesting character because he wrote in March in the prestigious New England Journal of Medicine that this corona virus was going to be a nothing it was going to be similar to the seasonal flu but when he went to town went in front of television cameras he told American people that the coronavirus is 10 times worse than seasonal flu may kill 2 million Americans if we do nothing it still may kill 200,000 Americans even if we shut down the country and shelter in place there's no known vaccine he said and it's going to take 12 to 18 months to get a vaccine even ready for trials of course the question is where did dr. Fauci get all those numbers where did he get the model of the 2 million people in 200,000 people well it turns out that came out of the University of Washington the Institute for Health Metrics and Evaluation which is funded by the Bill and Melinda Gates Foundation before the thing was over in Switzerland we had something going on at the United States Capitol on January the 24th the United States House of Representatives began drafting a coronavirus stimulus bill called the CARES Act yes the money that you got this past week and deposited into your account actually started the legislative process on January the 24th which as Americans we didn't know there was such a thing as a coronavirus toolmarks but somebody knew so somebody in Congress knew it well enough to know that we were going to need relief and they started a bill back on January the 24th by the way January 24th is also the same time that the Senate was getting an ultra-secret briefing about this and our new senator Kelly Loeffler all of a sudden started having some changes made to her investment strategy on Wall Street January the 30th the International World Health Organization officially officially launches a world wide public health emergency for what they called a novel coronavirus even though at that time there was only 150 cases in the world nevertheless they knew it was going to be an emergency by the way novel means newly discovered means never seen before means Kobe 19 didn't just come crawling out of the woods kind of makes you wonder where did it come from January 31st President Trump orders a travel ban on anyone traveling from China four days later January the 4th the Centers for Disease Control decided not to use the World Health Organization's Kobayashi 19 test kits they didn't think they were good enough that we had to come up with their own so CDC made their own tests and they were defective had to pull them all off the market CDC got out some new tests by the end of February but then there were backlogs taking one to two weeks for people to find out whether they had it or not by the way you may not remember this about my resume but before the Lord rearranged my life I was planning on being a doctor I was a pre-med major at the University of North Georgia North Georgia College major to biology minored in chemistry so I went to the CDC website

and looked at those test instructions see what all was involved in doing a coronavirus test and listen to this this is quote from the cdc website a positive COBIT 19 test does not rule out bacterial infections or co-infections with other viruses even kovaydin 19 may not even be the definite cause of disease still report all positive cases to CDC now in terms what that means if the patient may actually be sick or new PD molecule of Koba 19 DNA and their swab of their throat or their nostrils then you're going to report that to CDC as a positive case well one thing that does for you is it definitely pumps up the numbers to make sure that everything that happens out there in the medical field is a Koba 19 case well anyway the next day February the fifth Donald Trump was acquitted on the charges of impeachment so all this time we've been watching news about this impeachment and we knew nothing about this copán 19 thing that was going on out there in the world so March the 11th World Health Organization officially declared the COBIT 19 a global pandemic March of 14th The Associated Press announced volunteers in Seattle were given the kovat 19 vaccine wait a minute that was made by moderna wherever we heard that name before and it was approved by dr. fauci's National Institutes of Health and wait a minute that's less than two months I thought dr. Fauci earlier said it takes at least 12 or 18 months to get a vaccine ready for trials so something's going on there anyhow March 15 president Trump declares the state of emergency in the United States for Co bid 19 and that's when we begin the social distancing setting six feet apart standing six feet apart no wait no meetings with over 10 people on March 31st Bill Gates wrote an op-ed in the Washington Post saying the United States missed the opportunity to get ahead of the coronavirus so we need to shut down the US economy for at least 10 weeks which would take us to the end of June and a week earlier Bill Gates did a TED talk interview where he said that wants people in the world learned to trust science to solve a pandemic maybe they'll be ready to trust science to solve climate change and it kind of makes you wonder where are we going with this thing and so now we've moved on our television narrative now the narrative is whodunit where did this COBIT 19 originate Chinese leaders are saying that the United States military who attended the World Games in Wuhan released it as a bio weapon against China American leaders are calling it the Wuhan virus and saying that Chinese released it out of their biology lab in Wuhan in order to affect the world the truth is probably up in there somewhere but the trouble is it's classified and we will not know the truth for 40 years until it's Declassified and at that point I will not care bottom line this novel coronavirus koban 19 is a manufactured crisis designed to deceive people to accept a radically different world than you and I are used to living in now don't get me wrong don't go out of here and misquote me I'm not saying that people don't get sick with coronavirus I'm not saying that they don't even die with it the only thing I'm saying is according to the Centers for Disease Control who keep up with all these diseases in an average year in the United States there are 39 million cases of flu 39s 10% 39 million cases of flu in between 30 and 60 thousand people died and I've been living on this planet for 63 years now and we have never shut down the US economy over that big of a threat and that many deaths but here we are for some reason the powers that be have chosen to shut down America over COBIT 19 which we've already said they're cooking the books on it but right now there were only got 70,000 cases against 39 million cases every year between flu and kovat and also today they've got it jacked up to thirty five thousand deaths but still that's considered a low flu year so once again why did we shut down the economy I believe we are being deceived and manipulated and the question is is why are we being deceived and where are we going with this well according to the prophet Daniel and the Apostle Paul the mystery of iniquity is already at work we're watching people who have been deceived by Satan

because they rejected the Lord Jesus Christ and they're changing Christian customs culture traditions and laws all across our land to prepare the way for a future Antichrist I don't know if he's right around the corner I don't know when the Antichrist will appear but nevertheless the stage is being set and we've seen a lot of changes just in the last month there's Rahm Emanuel the former mayor of Chicago and former White House chief of staff under President Obama used to say you never want a serious crisis to go to waste and brothers and sisters they're not wasting this one we have watched our leaders transform this cupboard 19 coronavirus from being just another virus into a crisis into an epidemic into a public health emergency into a global pandemic I want you to stop because again we get caught up in the day-to-day 24 hour news cycle but stop and think about all the changes that we have accepted in about a month's period of time we'll start off with the first thing they had to do and that was to verify the power of the press make sure that those five corporations that control 90% of what we see and hear in the media still have the ability to put everybody in a panic and of course we're talking about CNN Time Warner ABC Disney Fox News Corp CBS Viacom NBC Comcast these networks bring on experts who job it is to convince us that we need to give up our Liberty or we're all going to die they bring on globalist experts who explain that global problems require global solutions I've heard that a half a dozen times sometimes daily do they tell us the world is too complicated for any nation even something as grave as 19 nations we can fix this by ourself we need a one world solution to our problems they bring on experts who tell us that we need to quit being ignorant and listen to science listen to the experts listen to the technocrats they alone know how to fix pandemics so you know long know how to fix climate change another one of the great changes that we've seen it I've never seen in my time it's called social distancing six feet between individuals no gatherings larger than 10 people order people off the streets and confined to their homes this is a trial run at martial law but it turns out they never needed martial law because most Americans submitted voluntarily but governors have ordered up police deputized government workers and the deployed National Guard just in case we the people get sick and tired of this and rebelled and to further add to the rumors of a police state our governor in Georgia set up a telephone hotline so you can call them read out your neighbors who are not complying with lockdown orders that sounds more like Russia or China than it does the United States of America the next big change is crashing the capitalist economy following these social distancing guidelines and we have watched 22 million Americans lose their jobs we've seen the stock market drop 10,000 points we've seen our retirement savings vanish and go down the drain we've watched the government take charge of the means of production which is a classic definition of socialism we've got the government using executive orders loans and grants in order to pick which businesses will win and which businesses will lose another big change that's come out of this is they made the church irrelevant or should I say more irrelevant than what we already were in times past when America went into a crisis they would call the people of God to pray that's not what we hear now we're hearing we need doctors we need scientists we need people to tell us how to do this we don't need God we don't need churches and prayer churches are listed among non-essential businesses pastors are not allowed to visit to sick members and hospitals or nursing homes the Christian tradition of handshaking with the right hand of fellowship is forbidden churches are not allowed to assemble which is a violation of our First Amendment right freedom of assembly and freedom of religion not to mention it's also a violation of Hebrews chapter 10 verse 25 which says do not forsake the assembling of ourselves together our sermons and our Sunday School classes are forced online which means that all of

our words are being saved and stored in the National Security Agency's new and huge data center in Utah which as long as we have a government that's okay with Christianity is okay but what if our new world government is more like China then our very own words will be used against us in a criminal trial so NSA if you're listening there it is and so now the government is offering free money to churches never mind the fact that using taxpayer money to prop up churches who are in debt is a violation of the First Amendment the United States Constitution is our ministry music Derek often says where the shackles comes with shackles whoever takes government money will ultimately take government regulations and I don't think we want to do that at North Lake at least not on my watch another change cashless society this is one of the globalists dreams and has been for years to get rid of cash use digital currency to be able to monitor and control the flow of money around the world Korea which was one of the first nations outside of China to be infected with this disease they pulled in all their cash to sanitize it because the World Health Organization said cash was just crawling with coronavirus that required all their people to buy their things with credit cards and their iPhones in the United States speaker Pelosi's first corona relief a House bill call for using digital dollars in order to give people their money that went out last week course you remember the Democrat House bill didn't pass but the Republicans modified it and they did pass a bill that didn't have digital dollars in it but we're already seeing pushing it through the IRS there was all kinds of problems he had money going to the wrong people going to the wrong banks had some firemen I think here in Hall County got seven million dollar check last week I mean it was it was strange I guess just to prove that it's not gonna work that way so now we have a Senate Subcommittee on banking that's working on the details of how to give any future money to Americans in digital money instead of cash speaking of government giving out money one of the goals of this new world order is universal basic income where you get paid to do nothing you don't have to work for money the government decides what you need I guess giving twelve hundred dollars Deborah Dalton five hundred dollars to every child was a good test run interesting article in Bloomberg News on April the fifth Spain is using a coronavirus crisis to roll out its universal basic income system so apparently some of our nation's know what's up with this as Trump was signing in the two trillion dollar relief bill he said that the final cost of all these programs will probably be six trillion dollars now brothers and sisters this may sound good for us to be getting all this free money but the thing you gotta remember is no such thing as a free lunch it will come to you at some point I believe by the time we get to November elections our national debt will be over thirty trillion dollars and just the interest on that debt will take up 15% of our federal budget think of that 15% of your tax dollars will be going to empower international bankers who are holding our debt now I could go on but look at the hour so let me conclude with another little notice change this one happened around Christmas in December of the 23rd 2019 the prestigious Scientific American magazine reported that the Bill and Melinda Gates Foundation and MIT the Massachusetts Institute of Technology had developed a biometric tattoo where a nano chip can be injected into your forearm at the same time you're being vaccinated therefore your arm can be scanned to reveal your identity your vaccinations maybe even your medical records the biometric tattoo program is part of a bigger plan called ID 2020 that was also announced this January at the World Economic Forum in Davos again sponsored by the Bill Gates Foundation Rockefeller Foundation and several other billionaire organizations these compassionate billionaires advertise this as being a special tool to help poor little children in undeveloped countries we're in a crisis when there's a war famine or something like that they

have to run to some other country and you don't know they don't carry papers with them so you don't know whether they've had their shots or not so all they gonna do is scan their little forearm and know whether they've had their shots or not sounds very compassionate but then you read them down their article they also mentioned that these tattoos would be great screening tool for people at airports border crossing schools healthcare facilities government buildings and sports facilities brothers and sisters second Thessalonians 2:7 the mystery of iniquity is already at work now I know for those you are still watching about television had turned it off yet one of my after one of my conspiracy theory prophecy sermons that I do from time to time I'm often asked well brother Daniel well what can we do about it I mean you know you preach the sermon to scare us all to death well what can we do about it are there some politicians that we can call to stop this thing and answer that is I don't think so because I think this train left the station a long time ago the real question is not what can we do the real question is going to be what will you do if this coronavirus makes it second or third wave around the world like the experts are predicting and the bill gates vaccine is magically ready and they offer you the vaccine but in order to get the vaccine you also have to receive the biometric tattoo will you take it if not you probably won't be able to go to work or to school or the grocery store or to the bank in the grand scheme of things that will probably not be a non-christian thing if you accept that tattoo a vaccine tattoo will probably okay but later on if we carry out this philosophy to Revelation chapter 13 when it's not just about a vaccine but when you're required to swear allegiance and be willing to worship the exalted leader of the United Nations or whatever the name is called at that point to prove your loyalty to the UN and you must take this biometric tattoo and if you don't take it then you won't be able to buy or sell or travel or get health care what then you're probably saying Dan you know I think that's a little extreme I don't think this can happen sure it can happen it's happened before in history even in some non-techie times in ancient Rome under the Romans seizure Domitian who happened to be in charge when John wrote the book of Revelation he forced people to offer a sacrifice once a year of incense it was just a little pinch it won't my chance since just a little bit all you do is pitch it into the fire and say Caesar is Lord that's it and you're a good Roman citizen and life goes merrily along but that was a problem for some folks called Christians they refused to take the pinch of incense and pitch it in the fire and they refused to say Caesar is Lord instead they said Jesus is Lord and they and their families were thrown to the lines or given some other horrible punishment we'll talk about that more next time when we talk about Sardis the persecuted Church is this coronavirus a sign of the end of the world I don't know but I do know there were 2,000 years closer to the end than when Paul wrote to us about it in second Thessalonians chapter 2 my prayer for me and my prayer for you is Ephesians 6:13 that is Lord helped me Lord help my Northlake family to take up the whole armor of God that we may be able to withstand in the evil day and having done all to stand to stand up stand up for Jesus till he comes as we close let me ask you are you saved you know Jesus Christ your personal Savior and Lord is he Lord of your life next questions are you alert are you paying attention one of the things that Jesus told us for he went to the cross was to watch because this thing all these things are gonna happen in an hour when you do not suspect it behold I come as a thief are you putting on the whole armor of God are you in the word daily are you praying for strength are you preparing yourself and your family for some difficult days ahead because as the Apostle Paul warned us the mystery of iniquity is already at work I encourage you this morning in closing to trust Jesus Christ as your Lord and Savior if you've never prayed to receive Christ and never repented of your sins and ask him to come into your

heart and save you won't you do that today if you've been saved but never join the church and taking that first step of obedience being baptized once you make that commitment today maybe you want to join our church and find your place of service you can make that commitment today maybe you have some need in your life and you just want somebody to listen to you and pray with you about what's going on in your life once you do that today you can do that by calling our church office number which you see on the screen seven seven zero five three six seven three three eight in I or one of the staff members will be standing by to answer your call and talk with you so just simply call that number and let's go to the Lord in prayer our Lord we are overwhelmed by our circumstances these days we're also overwhelmed by the truth of your word that you knew our situation long before we ever knew who we were help us Lord not just to be hearers of the word but doers to to act on it to stand on it lord help us to be strong even as the mystery of iniquity is already at work around us help us to be strong and faithful to you we do pray Lord this morning there's someone out there under the sound of my voice that's never trusted Jesus Christ as our Savior that today would be the day that they put their trust in you or for all of us Lord I believe it's later than we think and we pray this prayer in Jesus name Amen [Music] we can moon dancing to die raise your hand for love's past come to Jesus come to jeez come to G now your burdens lifted [Music] precious blood is washed away to stay to sing to Jesus [Music] singing - gee like a newborn baby [Music] sometimes we so fall on gee [Music] sometimes the way is know still [Music] so if your sky is dark and Poor's the way and cry to Jesus Jesus oh gee [Music] [Music] with you fine [Music] peace go in peace and life on Glory's and fly to Jesus [Music] [Music] jeez flirty
